

**The following advertisement will appear on Indeed. If you would like more information, please see Human Resources.**

## **INDUSTRIAL MECHANIC (MILLWRIGHT) APPRENTICE – 433A**

With 140 successful years in the industry, KRUG is well-recognized as a leader in the design & manufacture of high quality business and healthcare furniture. As a result of upcoming retirements, we have a need for a full-time Industrial Mechanic (Millwright) Apprentice to join our team in Kitchener at our Seating Facility.

Reporting to the Maintenance Manager, the candidate will work on industrial machinery, mechanical equipment, and components, including mechanical, pneumatic, hydraulic, fuel, lubrication, cooling and exhaust systems, and pumps, fans, tanks, conveyors, presses, generators, and pneumatic and hydraulic controls with the guidance and supervision of a licensed Industrial Mechanic (Millwright).

Candidates must be registered in this apprenticeship program and be in their 1<sup>st</sup> to 3<sup>rd</sup> year of the program. Experience within a manufacturing environment as well as exposure to CNC equipment is a definite asset. You will possess excellent communication skills and a strong mechanical aptitude.

We offer a competitive salary and benefits package, as well as the opportunity to work with a great group of people.

**If you thrive in a fast paced production environment with many challenges, please apply in confidence.**

We thank all applicants and advise that only those selected for an interview will be contacted.

***Krug is an Equal Opportunity Employer***

Should you require an accommodation during the interview process, please let us know and we will work with you to meet your accessibility needs.
